Welcome

Welcome back

Hobbies: bake a cake, do experiments, fix toys, juggle, make a pizza, throw a ball

Technology: call, computer, email, keyboard, letter, mobile phone, smartwatch, study, tablet, telephone

1

Listen and read.

1

How were your holidays?

Great! We went to see Granny and Grandpa. It was amazing.

Why?

They've got all this new technology!

What about you, Hamed?

I love this computer. Before I wrote letters, but now I just send emails.

And this smartwatch I bought is fantastic. I can make telephone calls and play games.

2

3

Maybe you can fix my tablet!

I didn't do much. I learnt how to bake a cake. And I fixed some toys!

I'm not sure I can do that!

4

What did you do, Katy?

I went to a holiday club. Science Club was great. We did amazing experiments.

Hey, where's Bo?

5

Hello everyone! Look at me!

Throw me another ball!

We can see what Bo learnt to do in the holidays!

6

I can juggle five balls at the same time!

It looks like we all learnt something this summer!

How many balls is Bo juggling?
How many different types of technology can you see?

4

four

Shark adventure

1 OK, kids. We heard there were some humpback whales here today. They were swimming this way. But if you see a whale, remember, don't get too close! Whales are endangered animals!

2 Can I come?

The whales were swimming over there. Why don't you fly over the water with your camera?

OK! I love flying!

3

4 What's this? It was floating down there.

Is it a fish?

I don't think so. Let's ask my mum.

5 Back on the boat ...

Look! It's a shark!

Or is it a whale?

6 Was it a whale? What was it doing? How quickly was it swimming?

It was swimming more slowly than a whale, and it didn't come up for air.

3 Which animal was growing in the egg case?
Go to page 58 to find out.

4 **After you read** Look at the story and write the names. Who ...

2   Listen and sing.

I was walking along the path through the hills,
When seven gorillas jumped out of the trees.

I was watching the gorillas playing in the forest,
When seven large parrots arrived with seven large bees.

I wasn't looking at those bees flying high in the sky,
Because seven big camels started to play.

I was watching those camels when I heard a noise,
And seven polar bears arrived in a sleigh.

The bears weren't there anymore,
When I woke up! It was a brand new day!

3  Listen and repeat.

What **were** you **doing** when the lion **escaped**?

I **was watching** the koalas when the lion **escaped**! I **wasn't watching** the lion!

4   In pairs, ask and answer questions about the song.

HELPING ANIMALS FOR NEARLY 200 YEARS!

The Royal Society for the Prevention of Cruelty to Animals, or RSPCA for short, is a British animal protection organisation. It started in 1824!

If you find an animal which is in trouble or hurt, you can call the RSPCA. The RSPCA has hospitals and centres where it looks after animals. Last year the RSPCA rescued over 120,000 animals!

If you want to find an animal for your home, you can go to an RSPCA centre and choose one. Last year the RSPCA found new homes for over 30,000 cats! You can find cats, rabbits, birds and even horses! But you can't just take the animal home. The RSPCA workers will ask you lots of questions about your home and your family, to help you choose the right one for you. For example, if you haven't got a garden, you probably shouldn't have a rabbit!

The RSPCA also has special centres for injured wildlife, like bats or birds. This green parrot is called Roxie. She had a broken leg, but now she's recovering at a wildlife centre!

Fun Activity

The whale **appears** in the morning,
And swims around in the sea.
It **disappears** in the evening,
And swims away from me!

Reading

1 Before you read What do you know about the Arctic?

2 Listen and read.

It's very cold! There are polar bears ...

SAVE THE BELUGA WHALES!

1 Beluga whales are white whales that live in the Arctic Ocean. In winter, they stay in the open ocean, away from the sea ice. But some years ago, a group of them became trapped under the ice. There was only one hole in the ice where they could come up to breathe. But thousands of whales all needed to breathe at the same hole! It was an emergency!

2 A ship, the *Moskva*, started breaking the ice to get to the whales. Slowly, it made a channel to them. But when the *Moskva* finally arrived, the whales didn't want to swim into the channel. They were frightened of the ship!

3 Suddenly, the captain of the *Moskva* had an idea. He knew that dolphins liked music, so he started playing calming classical music loudly from the ship. When he was playing classical music, the whales moved closer to the ship!

4 The *Moskva* started moving down the channel, stopped, and the captain played music. The whales came closer. The ship moved down the channel, stopped, and played music again. The whales followed. It took many days, but finally the *Moskva* and the whales reached the open ocean. The beluga whales were safe at last!

3 After you read Write the paragraph number for each summary.

- a The whales reached the open sea. _____
- b The captain had a good idea. _____
- c A ship made a channel through the ice to the whales. _____
- d The beluga whales were trapped. _____

4 What did you like about this article? What surprised you?

I liked how ...

I was surprised that ...

 - a the Arctic
 - b the Antarctic
 - c the Atlantic Ocean
- 2 What do polar bears eat?
 - a oysters
 - b seals
 - c fish
- 3 How quickly can polar bears swim?
 - a 15 kilometres an hour
 - b 12 kilometres an hour
 - c 10 kilometres an hour

Speaking

2 Talk about an animal in danger. What do you know about it?

What do you know about dolphins?

They're mammals. They can move very quickly and jump out of the water! They eat fish. Dolphins are in danger because they get caught in fishing nets.

Writing

3 Read. What do basking sharks eat?

Basking sharks

Basking sharks are the second largest fish in the world! They can be 10 metres long!

Where do they live?

Basking sharks live in the sea. They often swim near the land.

What do they do?

Basking sharks swim slowly with their mouths open to catch small sea animals.

Why are they in danger?

Basking sharks are in danger because people hunted them. Now you mustn't hunt them.

4 Find out about an animal in danger in Jordan and write about it.

1 Plan

- Where do these animals live?
- What do they eat?
- What do they do?
- Why are they in danger?

2 Write

They live ...
They eat ...
They like ...
They are endangered because ...

3 Check your work

- Used headings?

Writing

When your text has got a lot of information, headings make it easier to read. Look at the Plan and use the questions as headings.

Healthy Food Day!

Do you want to be a chef for a day? Well, now you can – on Healthy Food Day!

Many primary schools in Jordan have Healthy Food Day for children of all ages. And it can happen anytime during the school year, so it's always a surprise! First, teachers send electronic invitations to parents. Then, parents think of healthy foods and teachers decide what food students should bring. These usually include local fruits, vegetables or other healthy snacks, which are all easy to get in Jordan.

On Healthy Food Day, students get to be chefs. They can even wear chef hats while preparing and then enjoying their healthy lunches. But it's not just about eating. Teachers also give lessons during the day on different types of healthy food, explaining how these foods help us to grow strong and stay healthy. Some teachers even bring extra fruits and vegetables to share with their classes. The day also focuses on teamwork, with students working together, sharing meals and helping each other to prepare their lunches.

Reading

1 **Before you read** Look at the headings in the text. What do you think the top five tips are about?

2  Listen and read.

TOP 5 TIPS ON HOW TO STAY HEALTHY!

1 Eat well, feel well!

If you want to be healthy, eat a balanced diet! You should eat at least five portions of fruit and vegetables every day to stay healthy. You shouldn't eat a lot of junk food.

2 Get out and about!

Get moving to stay fit! You should do exercise for 30 minutes a day. Run around in the playground, play a sport or simply walk quickly to school!

3 Sleep tight!

Make sure you get plenty of sleep each night! You should sleep for 9–10 hours each night. Make your bedroom a calm, quiet place and don't keep a phone or tablet by your bed.

4 Drink water!

We all need water, and drinking water in the day helps your body to work properly. Water also helps you get better when you are ill. So, if you've got a headache or a cough, you should drink some water!

5 Have fun!

What do you do to relax? Do you do exercise, read a book or watch a film? Or do you meet friends in the park? Whatever you choose, relaxing and having fun are important ways to stay fit and healthy!

3 **After you read** Were your ideas about the tips correct?

4 **Correct the sentences.**

- 1 A balanced diet should have at least seven portions of fruit and vegetables a day.
- 2 Walking or doing other exercise for ten minutes a day keeps you fit and healthy.
- 3 You should always keep a phone in your bedroom.
- 4 If you're feeling well, you shouldn't drink water.
- 5 Relaxing doesn't help you stay fit and healthy.

Staying fit and healthy

By Nadia

I like sport and exercise, but I should probably do more! I walk to school with my mum every day. At the weekend, I play games with my friends in the park. I like doing gymnastics and going swimming. I do gymnastics once a week at school.

I try to eat a balanced diet (it isn't always easy because I sometimes like to eat junk food!). At home we eat a lot of meat, fish and vegetables.

I like to meet my friends to relax. We watch films and play computer games together, and we often go to the park.

1 What do you know about landscapes?

Learn

2  Listen and read.

What do landscape paintings look like?

Landscapes in art are paintings of outdoor scenes. Landscape artists paint sunny, rainy and snowy scenes at different times of the year.

Some artists paint blue skies with clouds, other artists paint dark skies in storms. Landscapes of the countryside can have forests, hills and lakes. Not all artists paint the countryside, however. Some artists prefer seas and oceans, while others prefer buildings and streets. A painting of the sea or ocean is called a **seascape**. A painting of a scene from a city is called a **cityscape**.

How do we describe landscape paintings?

The part nearest to you is called the **foreground**. Artists usually paint objects in the foreground bigger than those at the back of the landscape. The part at the back is called the **background**. The background of a landscape looks far from you. This is because artists paint the objects smaller than the objects in the foreground.

We can also describe the colours. Artists use yellow, orange and red to make their landscapes look **warm**. They use blue and grey to make them look **cold**.

Let's practise!

1 What materials do artists use in their landscape paintings?

pencils

brushes

oil paints

watercolour paints

Materials artists use	Colours	Why do artists use the materials?
pencils	light and dark coloured pencils	Most artists use a pencil to draw what they see first. This is because they can use a rubber if they don't like it. Then artists try to draw the outdoor scene better the next time.
oil paints and brushes	bright and dark primary and secondary colours	Artists have used oil paints for hundreds of years. They like oil paints because the colours work well together. Artists can also use thick or thin oil paints for their scenes.
watercolour paints and brushes	primary and secondary colours	Some artists like using watercolour paints because they dry quickly. Artists can then paint on top of watercolour paints. They can also use wet or dry paper for their landscapes.

2 Write three questions about materials artists use in your notebook.

Lesson 9

CULTURE

HAVE YOU EVER BEEN TO THE THEATRE?

There are lots of famous modern theatres around the world where you can see a play or a musical.

One of them is the Majestic Theatre in New York. It's in an area of the city centre called Broadway. There are more than 40 theatres on Broadway, and many visitors to New York see a Broadway show. The Majestic is one of the largest theatres on Broadway

and many famous musicals have played here. Have you ever seen a musical? One famous musical opened at the Majestic Theatre in 1988 and is now the longest-running show on Broadway.

There are also many ancient theatres around the world. The Roman Theatre in Amman, Jordan, is one example. It was built over 2,000 years ago and is on a hill opposite the Amman Citadel. It was rebuilt in 1957, and many people have visited it since then. In fact, it's one of the most visited attractions in Amman.

Amman is also home to the more modern Haya Cultural Centre. Here, children of all ages can learn about the theatre and acting by taking acting classes and workshops. The centre makes learning about theatre fun and gives children the chance to explore acting from a young age.

(A boy, Yousuf, is walking through the mountains along a road. He's carrying a small bag on a stick. An old lady is sitting under a tree.)

Yousuf: Hello! I'm going to visit my uncle.

Old lady: Hello, young man! I've lost my stick.

(Yousuf takes his bag off the stick and gives the stick to her.)

Yousuf: You can have this!

Old lady: Thank you! You have helped me and, when you need help, I will help you.

Yousuf: Thank you! Goodbye!

(Yousuf walks on. Soon he comes to a young girl. She is looking everywhere on the ground and seems very worried.)

Yousuf: Hello! Are you OK?

Girl: I've dropped my necklace!

(Yousuf and the girl search together. Suddenly, Yousuf finds the necklace.)

Yousuf: Here it is!

Girl: Thank you! You have helped me and, when you need help, I will help you.

Yousuf: Thank you! Goodbye!

Scene 2: In a house

(Yousuf is standing in front of a door to a house. He knocks and the door opens. A wolf is standing there.)

Yousuf: You aren't Uncle Imad!

Wolf: No, I'm not.

Yousuf: Help!

(Yousuf runs away.)

Scene 3: On the road

(Yousuf has stopped, out of breath. He is near the young girl, who is sitting in a tree.)

Girl: What's the matter?

Yousuf: A wolf is chasing me!

Girl: Here, take my scooter. (She gives him a scooter.)

Handmade in Jordan

Do you know what a craft is? It's something that you make by hand. Have you ever seen any traditional Jordanian crafts? There are many different kinds!

Fun Activity

Find out how long people have made pottery in Jordan for!

Rugs and Carpets

These are rugs and carpets. People made these in Amman, but craftspeople make them all over Jordan. They make them using a very old technique called weaving. Weaving is still a very popular handicraft today in Jordan, and many older people teach it to younger people. Traditionally, they use weaving to make anything from carpets to tents. The main materials are sheep's wool, goat's hair and camel hair! They then use berries to give the rugs their natural colour.

Pottery

Traditionally, people made pottery with stones from Petra, and they decorated them with images of the natural landscape. Today, visitors can buy beautiful pottery at the Petra Pottery Association. This is close to Wadi Musa. The women that work here still use the same techniques that they used hundreds of years ago!

1 **Before you read** Which of the three inventions below do you think is the best?

2  Listen and read.

ACCIDENTAL INVENTIONS!

What do the microwave, coffee and the tape on your trainers have in common? Well, they were all accidental inventions!

The microwave

In 1945, an American scientist called Percy Spencer was working in a lab. He was making a new kind of machine called a magnetron. While he was working, he had some chocolate in his pocket. Suddenly, Percy found that the chocolate was melting! He realised that the machine could be used for heating food. The first food that he cooked in the microwave was popcorn!

Coffee

A long time ago in Ethiopia, there was a farmer who had goats. One day he saw something: after eating the fruit from coffee plants, his goats didn't sleep. He told other people, and they made a drink from the fruit. This drink became coffee. Later, farmers in Egypt and Syria started growing coffee plants, too. Today, people all over the world enjoy coffee!

Velcro®

In 1941, a Swiss engineer called George de Mestral went for a walk in the woods. When he came back, he found he had a lot of seeds on himself. He looked at the seeds under the microscope and he noticed they had very small hooks that stuck to the tiny loops of his clothes. He decided to make a material that could do that same thing, and he invented the useful hook-and-loop tape on your trainers that is now called Velcro!

3 **After you read** Read and circle. Which fact isn't mentioned?

- 1 **a** Percy Spencer invented the microwave when he was working on the magnetron.
b The second food he cooked in the microwave was an egg.
- 2 **a** The goats didn't want to sleep after eating the fruit from coffee plants.
b Farmers grow coffee in Brazil.
- 3 **a** George de Mestral used cotton at first, but it wasn't strong enough.
b Many trainers now have Velcro on them.

The most useful things at home

By Nada

At home we've got a lot of different machines, but some of them are more useful than others! In the kitchen, the cooker and the fridge are the most useful because we can cook food with the cooker, and we can keep food in the fridge. We also have a coffee machine. I think this is the most useful thing for my dad! He loves coffee!

My favourite thing is my tablet. I use it to do my homework and play games.

1 What do you know about the continents?

Learn

2  Listen and read.

How are the continents different?

Continents are large areas of land on Earth, which are separated by seas, oceans or mountains. There are seven continents: Asia, Africa, Europe, North America, South America, Australia and Antarctica. The continents have a different number of countries; for example, Asia has 49 countries, Africa has 54 countries, North America has 23 countries, but South America only has 12. Each continent has different climates and landscapes.

Asia is the largest continent. It has many different climates, from tropical in the south to cold and dry in the north. Tropical areas are hot and wet all year. In some tropical areas it can rain for months! Europe isn't tropical and mostly has a temperate climate. This means it has four seasons: spring, summer, autumn and winter. However, some countries in Europe have a polar climate, with cool summers and very cold winters with lots of snow and ice.

Africa is warmer than Europe, and it has different climates, too. The Sahara Desert in North Africa is the largest hot desert in the world. It has an arid climate which is hot and dry. Sometimes temperatures reach 50°C! However, central Africa has a hot, wet tropical climate.

Youth Service Day

Hello, I'm Carlos. I am a volunteer in a charity centre for old people.

1 Listen and read.

On Youth Service Day in April, we celebrate **young** people who help their own **community**, and other communities around the world.

We also find out more about ways that we can help other people!

Last year on Youth Service Day, I found out about the **charity centre** in my community. I decided to **volunteer** there. Now I visit twice a week. I talk to the people there, and I read to them. I help them write cards and letters to their family. I've become good friends with many of the **old** people in the charity centre. I love volunteering there!

This year on Youth Service Day, I'm going to tell students at my school about volunteering, and how much I enjoy it.

What can you do to help in your community?

2 Circle *True* or *False*. Say why.

- 1 Youth Service Day celebrates old volunteers. True / False
- 2 Carlos volunteers at a charity centre. True / False
- 3 He doesn't like volunteering there. True / False
- 4 He isn't going to celebrate Youth Service Day this year. True / False

3 How can you help in your community?

I can ...

4 Make a spider diagram of ways to help in your community.

- 1 In groups, think of ways to help in your community.
- 2 Draw and write them on a spider diagram.
- 3 Present your spider diagram to the class.

World Heritage Day

My name's Sana. We celebrate World Heritage Day at school every year!

1 Listen and read.

World Heritage Day is on the 18th April every year. On World Heritage Day, we think about different ways we can look after the important archaeological sites and monuments in our country and around the world. At our school, we do lots of projects and activities. It's fun! This year in school, we made class posters about all the important archaeological sites, like Petra. And my **community** did a **litter clean-up** at a small archaeological site near our town! It's important to look after our **heritage**. World Heritage Day is a fun day, but it's also a serious day. It's a day to feel **grateful** for Jordan.

World Heritage Day poem
by Sana
We love our monuments,
and historical places.
They always put smiles,
on our faces!

2 Answer the questions.

- 1 When is World Heritage Day? _____
- 2 What do people think about on World Heritage Day? _____
- 3 What did Sana's class make posters about in school? _____
- 4 What did Sana's community do this year? _____
- 5 What does Sana say about Jordanian heritage? _____

3 What can you do to celebrate World Heritage Day at your school?

We can make models of important archaeological sites and monuments.

4 Give a presentation about World Heritage Day activities.

- 1 In groups, think about some class activities for World Heritage Day.
- 2 Draw and write about them.
- 3 Present your ideas to the class.
